

This past season was a record setting one here at Legends Ranch with our highest scoring non-typical buck ever on the ranch. Kenny Jones was fortunate enough to harvest a 417" six year-old, non-typical bruiser. Kenny wasn't the only one to bring home a trophy buck. Carson Kimbrough's dedication to the hunt and patience paid off as he harvested the pending new SCI World Record Typical scoring 244". Our camp was electric as these beautiful bucks were shown off that evening.

We also had a very successful year with our breeding program. We had our best fawning season to date and started our first year of bottle-feeding prized fawns.

Our Youth Challenge and Purple Heart charity hunts were a highlight as we kicked off the 2014 season. Esteemed guests, alongside experienced guides harvested 15 great bucks. The smiles and laughter from the kids and vets lit up the week.

Here at Legends Ranch, our team is devoted to preserving the traditions that you love, while always striving to improve the quality of your stay with us. When you return this fall you'll notice some improvements, such as the beautiful new furnishings to relax on when you come in from your hunt along with new carpet throughout the lodge. From the kitchen you'll enjoy new mouth-watering menu options.

I invite you to visit our new website, www.legendsranch.com. You can also Like us on Facebook. Come visit us at the SCI show in Las Vegas on Feb. 4-7, in booth 1759. Let us share with you all that Legends Ranch has to offer.

Bill Krager was one of those people who had the ability to change the lives of people around him without even trying.

All who had the pleasure of speaking or hunting with Bill would come away learning more about life and life lessons than imaginable. His stories, told in blinds, of the Alaskan wilderness, hunting, fishing, and airplane experiences could fill a book.

Bill and Jo Krager have hunted with Legends Ranch for the past 14 years, and we would like to thank them for the tremendous amount of support they have shown our ranch through those years.
